

Centerville City Council
Work Session Meeting
October 29, 2012

TIME: 7:50 P.M.
PLACE: Centerville Municipal Building
Deputy Mayor Brooks Compton
Councilmembers: John Beals
Douglas Cline
Paul Gresham
James Singer
Clerk of Council Debra James
City Manager Gregory Horn
Finance Director Steven Hinshaw
City Engineer Douglas Spitler

Council Members and Mr. Horn had attended the Joint Entities meeting prior to this Work Session. This work session meeting was planned as the beginning of the review process for the proposed Capital Improvement Program.

Mr. Horn outlined the proposed Capital Improvement Program for 2013-2017. This CIP is very conservative with the exception of the proposed street resurfacing program. Mr. Horn explained that we are trying to step up the City's street resurfacing program, since it is important not to get behind on the maintenance of our residential streets, because it is more costly in the long run if streets are not maintained properly. The City is currently in its first 11 year rotation for sidewalk repairs citywide.

Council and Staff will continue with the CIP and Operating Budget review at the next Council Work Session of November 5.

Debra A. James
Clerk of Council

Approved 
C. Mark Kingseed, Mayor

Deputy Mayor
