Mr. Horn reported on the dredging of the lake on Hole #8 at Yankee Trace; causing silt to settle onto private property. It affected an area approximately 5 X 10 feet and the matter has been resolved. Pumping of the sediment will continue but a holding basin has been created across the street to the DP& L property where the silt will dry and then the area will be re-graded and re-seeded. Weather permitting the dredging could be done in a week.

Mr. Singer asked that Item B be removed from the Council Meeting's Consent Agenda which is a Resolution regarding Senate Bill 117.

Mr. Horn explained that a letter went out to the Chairman of the Board of Directors of Hope Methodist Church and a copy of the letter from Bear Creek Capital was attached regarding the southern portion of the annexation in Sugarcreek Township. It is anticipated to meet with the Church's Board of Directors in the near future.

Mrs. Lienesch entered the meeting at this time.

Mr. Corbin reported that he will announce at the Council Meeting after the Work Session that he will not be running for re-election this fall.

Mrs. Lienesch inquired about the Police Department's involvement in illegal alien enforcement and traffic control issues. Staff will report back to Council.
