Minutes of	COUNCIL	Mee	eting
DAYTON LEGAL BLANK, INC			
Held	October:15	20	

In addition, Captain Scott Kujawa has been promoted to the position of shift commander, but he was unable to be present for the meeting. Both Chief Gaul and Mayor Kingseed thanked the men for their commitment to protecting the Centerville-Washington Township Community.

Mayor Kingseed administered the oath of office to Jan Kledzik as a new member of the Sister City Committee.

Mr. Horn introduced Sally Blommel, the new administrator at Benham's Grove who is a twenty-year resident of Centerville and Washington Township.

Mr. Tom Kelly, representing the Montgomery County Commissioners and the Human Services Campaign Committee, gave a report on the Human Services levy which will be on the November ballot. Montgomery County has one collective levy for the needs of all human services agencies as a whole. The clients of Human Services include vulnerable and abused children, frail and elderly adults, those with MRDD, individuals who have lost jobs and pensions, the homeless, and people who need the public health system. The issue that will be on the ballot is a replacement of 5.21 mils and an addition of 2 mils. This levy would add about \$10.00 per month in new taxes for each \$100,000 of a home's value. Failure would affect over forty percent of the funding for the whole program, plus the loss of monies which match local dollars.

Mr. Bob Kyvik, 2555 Goodfield Point in Washington Township, asked if Montgomery County Human Services aid illegal aliens. Mr. Kelly stated that they do not deny people who come forward for services. Although Council has a policy not to endorse specific levies, Dr. Gresham, Mr. Compton, Mayor Kingseed, and Mr. Corbin made statements that they personally support the levy.

Mayor Kingseed noted the following in the Mayor's report:

Recently he attended a naturalization ceremony at the Centerville Library and said it was a moving experience that everyone should witness at least once.

He attended a ribbon-cutting at Savona, a new Italian restaurant, on South Main Street in Centerville.

He encouraged everyone to study the candidates and to vote in the November 6<sup>th</sup> election. He noted that there are six candidates running for three City Council seats and that Centerville residents will also vote for a Township Trustee.

Mr. Horn announced the following during his City Manager's Report:

We are still in mediation sessions with Sugarcreek Township. If mediation is not successful, the challenge to the annexation of the Dille property, approximately 270 acres in Greene County, is scheduled to go to trial the second week of November.

Our fall leaf collection program is underway, and the schedule is listed in the *Town Crier* and on the City's website.

Centerville Station Road will be closed October 13-21 for embankment stabilization along the roadway.

The Huffy Corporation has asked the City for a PIR grant to offset relocation expenses. This Property Investment Reimbursement Grant Agreement would authorize payments over five years; the total would not exceed \$100,000; twenty percent would be paid each year for five years. Mr. Cline sponsored Resolution 49-07, A Resolution Authorizing And Directing The City Manager To Enter Into An Economic Development (PIR) Grant Agreement With Huffy Corporation and moved that it be passed. Mrs. Lienesch seconded the motion. The motion passed unanimously.

Mr. Compton re-entered the meeting at this time.

### ORDINANCE NUMBER 11-07 AMENDING THE ZONING ORDINANCE TO PROHIBIT SIGNS WITH ELECTRONIC MESSAGE CENTERS

A public hearing was held to consider legislation regulating signs with electronic message centers. Mr. Feverston gave the history of the issue, noting that Planning Commission and the City Council became concerned over the increasing number and types of electronic signs, especially LED signs, being put up in the Community. In March the City Council passed a moratorium and then extended it in order to give time for careful consideration of this issue. Planning Commission's research of electronic message centers both locally and nationwide revealed safety issues and aesthetic concerns. Mr. Feverston showed slides of a variety of signs within the Greater Dayton area.

Mr. Monte Williams, owner of KAP Signs, 1608 Kuntz Road, Dayton, Ohio, noted that schools and churches are his largest customers. These signs allow them to get messages out in a more effective way.

Mayor Kingseed asked about the efforts to inform the business community of the public hearing. Mr. Feverston said only the ordinary newspaper notice of public hearing had been done. Mr. Corbin asked if studies verify an increase of accidents caused by electronic signs. Mr. Feverston indicated studies show more side-swipe accidents in those areas. Mr. Singer asked about limiting existing signs. Mr. Liberman stated that two options exist. Grandfathering would allow existing signs to remain until they have to be replaced. A sunset provision would put a limit on the amount of time existing signs could stay. Mayor Kingseed recommended asking input from the business community at the upcoming Business Breakfast. Mr. Corbin moved that Ordinance No. 11-07, An Ordinance Amending Ordinance No. 11-86, The Zoning Ordinance Of The City Of Centerville, Ohio To Prohibit Signs That Incorporate An Electronic Message Center In Accordance With The Provisions Of Chapter 713 Of The Ohio Revised Code, be tabled at this time. Dr. Gresham seconded the motion. The motion passed unanimously.

### ORDINANCE NUMBER 15-07 UPDATE OF PUBLIC RECORDS POLICY

Mr. Horn announced that the State of Ohio recently passed legislation establishing new requirements for access to public records. All entities must adopt and post formal record policies which define copy fees, timely response and redaction. This resolution

Minutes of COUNCIL

Meeting

YTON LEGAL BLANK. IN

names Mrs. James as the primary records administrator for the City, with the exception of police records, and puts us in compliance with the new law. Mr. Corbin stated that he was opposed to the Ordinance, because he was against the actions of the State in making these requirements. Mr. Compton sponsored Ordinance Number 15-07, An Ordinance Adopting The City Of Centerville Public Records Policy and moved that it be passed. Dr. Gresham seconded the motion. The motion passed with 6 ayes, with Mr. Corbin voting in opposition.

# RESOLUTION NUMBER 51-07 ADDING STUDY AREAS J AND K TO THE CREATE THE VISION MASTER PLAN

Mr. Cline moved to remove Resolution 51-07 from the table for consideration. Dr. Gresham seconded the motion. The motion passed unanimously. Mr. Feverston explained that the proposed legislation is an amendment to Volume Two of Create the Vision, creating Study Areas for the Dille property that was annexed into the City last year. The north parcel is Study Area J, and the area south of I-675 is Study Area K. The north section of this prime infill land is zoned R-PD, Residential-Planned Development and B-PD, Business-Planned Development. The study encourages uses that have positive impact for this gateway to the City; quality-controlled development is a primary concern. Suggestions include careful planning of the internal roadway network, linking of the bikeway to existing bike paths, encouraging a mix of retail, residential, hotel and office uses, locating a large retail to the east and south, providing for traffic calming, and continuing the residential pattern along Brown Road.

Study Area K, bordered by Wilmington Pike and Possum Run Road, is one parcel with about 74 acres and a single owner, currently zoned O-PD, Office-Planned Development and R-PD, Residential-Planned Development. A rezoning is pending to rezone the entire area to O-PD, Office-Planned Development. Traffic is a concern, since there is intense commercial development in the surrounding area. Key recommendations are to promote economic expansion for office and business developments, integrate land uses, improve access, protect wooded areas, introduce gateway elements, and create and link bikeways.

The Planning Commission has recommended approval of the addition of these Study Areas to the Master Plan. Mr. Compton noted that the Create the Vision Task Force was aware of the proposed changes and has voiced no opposition to the addition of these areas to the Master Plan. Mr. Corbin sponsored Resolution 51-07, A Resolution Amending The Create The Vision Comprehensive Long Range Master Plan For The City Of Centerville, Ohio By Adding Study Areas J And K. Mr. Singer seconded the motion. The motion passed unanimously.

## EMERGENCY ORDINANCE NUMBER 19-07 RESCINDING ORDINANCE 16-03 FUTURE MAINTENANCE OF THE I-675 ENHANCEMENT PROJECT

Mr. Horn stated that the Ohio Department of Transportation has requested this action and that it is related to Resolution 45-07 on the Consent Agenda, earlier this evening. The old ordinance must be rescinded so that the new resolution can take effect, binding the City to provide maintenance for the visual enhancement improvements along I-675. Mr. Singer Minutes of COUNCIL

RECORD OF PROCEEDINGS

Meeting

sponsored Emergency Ordinance No. 19-07, An Emergency Ordinance Rescinding Ordinance No. 16-03, Passed September 15, 2003, Due To A Change Based Upon Future Maintenance Of The Project Improvements: Enacted By The City Of Centerville, To Cooperate With The State Of Ohio, Director Of Transportation To Enhance The Visual Appearance Of The Intersection Area Of Interstate Route 675 And State Route 48 (<u>MOT-SR48-4.33</u>) and moved that it be passed. Mr. Cline seconded the motion. The motion passed unanimously.

#### EMERGENCY ORDINANCE 20-07, AMENDING THE CODIFIED ORDINANCES RELATED TO FEES, AUTHORIZATIONS AND NOTICE TO VIDEO SERVICE PROVIDERS

Mr. Horn explained that Senate Bill 117, which was recently passed, requires that communities take positive action to retain franchise fees up to five percent. The timetable requirements for SB 117 require that this be an emergency ordinance. The other seven cities of the Miami Valley Communications Council will be taking similar action. Earlier we asked that the Ordinance be set for Public Hearing, but we also need immediate authorization. Dr. Gresham moved for acceptance of Emergency Ordinance 20-07, An Emergency Ordinance To Amend The Codified Ordinances Of The City Of Centerville To Include Chapter 840 Adding Provisions For Competitive Video Service Authorizations, Establishing Fees, Defining Certain Terms, And Authorizing The City Manager Or Designee To Provide Certain Notice To The Video Service Providers Offering Video Service In The City Pursuant To A State Authorization; And Declaring An Emergency. Mr. Cline seconded the motion. The motion passed unanimously.

Mr. Jim Rhoads, 6611 Brigham Square, Lexington Meadows Condominium Association addressed the Council to state that there is confusion over the turn lane into Miami Valley South and that it has created near misses for accidents. He also asked for greater synchronization of the timing of the traffic signals on Wilmington Pike. Mr. Spitler stated that the Greene County Engineer's Office is in charge of the signals at the present time.

Bob Kyvik, 2555 Goodfield Point, Washington Township, came forward to stress the importance of the people of Centerville knowing the candidates for local offices. He reiterated that citizens should vote for township trustee. There will be a Trustees night at the Washington Township Centerville Library on October 23, 2007, at 7:30 p.m. The League of Women's Voters will tape the question and answer session for later broadcast. The Centerville Council candidates will be on television tomorrow at 1:00 p.m. Please study the candidates and vote for your choices for these offices.

Mr. Corbin asked to be excused and left the meeting as Mr. Koussa came to the podium.

Mr. Joseph Koussa, 1537 Beavercreek Lane, Kettering, invoked God's blessing on our troops and asked that candidates discuss issues and not resort to mud-slinging.
