Mr. Schlagheck reported that travel on S.R. 48 at Zengel Drive was closed and will be reopening to traffic which was due to underground phone line cable cuts (which are now fixed). The sanitary sewer project (which is underway by the County's contractor) has been delayed on their work due to the damaged phone lines. Zengel Drive at S.R. 48 will be closed for the next couple of weeks as the sanitary sewer is installed.

Mrs. Wilder gave a brief review of the Property Maintenance Code. It was suggested that the members of the Property Maintenance Code Task Force be invited to a future Council Meeting to be recognized for their hard work and dedication. The members include Brooks Compton, Dan Carfagno, Jack Lobeck, Connie Pavliga, Jim Gallagher, and Tom McDermott.

Mayor Kingseed asked Council to review the Joint Financial Study information and it will be an agenda item at the next Council Work Session, August 7, 2006.
