Dr. Gresham reported on the Miami Valley Communications Council's 30 minute program on the smoking issue. It is available to households who have high speed internet connections; and the link is MVCC.net. The link has streaming videos that allows citizens to watch the "Hot Topics" smoking program and other programs on their home computers and are available to watch 24 hours a day.

Mr. Liberman reviewed the Ordinance Amending the Centerville Municipal Code that will be voted on as an Emergency Ordinance in the Council Meeting following this meeting. He identified five substantive references to Washington Township and Montgomery County in the current Code; so changes need to be made to include Sugarcreek Township and Greene County. He made mention of the two changes to the fire department; to appoint the Sugarcreek Township Fire Chief to be Fire Chief for the City, and add references to the Sugarcreek Fire Department in sections related to the Bureau of Fire Safety.
