Mr. Horn announced that the City should close on the property owned by the Pyper Construction Company located on South Suburban Road adjacent to the City's Public Works facility.

Mr. Horn brought attention to a recent article relative to taxing lottery winnings. In order for Centerville to do this, a charter change probably would be necessary. Council concurred that Mr. Horn obtain additional information relative to this matter.

Ohio's new Carry Law was briefly reviewed. Mr. Horn explained that the Centerville Police facility has the capability to provide this program to residents of the City of Centerville. He outlined pros and cons in implementing such a program. Council concurred that additional information be obtained relative to this issue.

Mr. Horn advised that a preliminary report relative to waste collection will be ready for the Council Retreat.

Mr. Horn reported that Mr. Covell continues to work with representatives of Conner and Murphy Properties for the City's purchase of the connecting strip of land needed for the North Village Drive Access Road. He proposed that the City offer \$5,000.00 for this acquisition so that Conner and Murphy has something in writing to which to respond.
