Minutes of COUNCIL

Meeting

DAYTON LEGAL BLANK, IN	VC., FORM NO. 10148			
Held	April 19	20	04	

Ron Tinnerman, 6719 Eddington Court, Chairman of the Smoke Free Committee, outlined why the City of Centerville should become smoke free. He listed the dangers and risks to people in public places and in their work place from second hand smoke. Mr. Tinnerman asked City Council to join approximately 1600 other communities to cause Centerville to become smoke free in all public places. A video was shown by the Committee identifying the dangers of second hand smoke.

Tracy Carson, worker for Tobacco Free Ohio and housed at the Heart Association of Dayton, advised that she has been working on this project since 1997 dealing with second hand smoke exposure and the use of tobacco by children and adults. She has worked with many communities as well as Centerville to eliminate second hand smoke in public places. Surveys have indicated that residents want smoke free laws in place; businesses are divided. Ms. Carson presented to Council some statistics relative to a smoke free environment. She explained how smoke free restaurants have affected workers, they are staying longer, and it has decreased the number of smokers. Ms. Carson listed some of the communities which are smoke free and are considering smoke free legislation. She pointed out that only Cities, Villages and Home Rule Townships have the authority to pass legislation to ban smoking in public places. She explained how smoke free has been enforced and controlled in restaurants and other public places.

Ron Rentz, owner of the Centerville Lanes, 911 South Main Street, advised that bowlers want to smoke and be with smokers. He explained how he controls smoking at the bowling alley during certain hours of the day. Mr. Rentz believes that the tavern industry will be hurt by the passage of smoke free legislation. He stated some statistics in the larger smoke free Cities relative to bowling alleys. He requested that the business community be involved if the City is in favor of smoke free in public places.

Curtis Delk, 6610 Green Branch Drive, owner of the Soft Rock Café, advised that a survey of his clientele indicated that they want to be with smokers. A no smoking ban for his industry will put him out of business. He suggested that businesses be given the option whether to become smoke free and let customers decide the type of environment they wish.

Mayor Kingseed explained the process the City follows when legislation is proposed: a public notice is given, a public hearing is scheduled at which time pros and cons are heard, and everyone has the opportunity to speak.

Utsav Goel, 7050 Forest Brook Blvd., a Centerville High School ninth grader, stated his objection to second hand smoke and outlined diseases to children caused by second hand smoke.

Jake McNamara, 1071 Charter Place, wants a smoke free community, does not want to breathe polluted air.

Elisa French, 361 South Village Drive, a Respiratory Therapist, explained that Centerville has many things to be proud of, residents should not be involuntarily exposed to smoke. She offered support for smoke free businesses.

Sandra Palizzi, 84 Mallard Glen Drive, moved to Centerville from Beverly Hills. She lived in Beverly Hills when it became smoke free. She explained that people actually came to Beverly Hills to eat in smoke free restaurants. Ms. Palizzi hopes Centerville will become smoke free.

Rosalee Schoenfeld, 7076 Fallen Oak Trace, a nurse at Good Samaritan Hospital, outlined some of her experiences with people with lung diseases.

Jim Minutilli, 6581 Brighams Square, offered his support for a smoke free Ordinance and businesses. He would like to go to a smoke free bowling alley.
