Mayor Beals suggested that the representative positions held by former Councilmember George Smith be filled by Councilmember Douglas Cline. Mrs. Lienesch volunteered to serve as the Miami Valley Regional Planning Commission Alternate if necessary.

Mr. Horn reviewed a revised listing of Commission Expenditures which includes a reduced amount for the Centerville Historical Commission from the previous listing of \$120,000.00 to \$60,000.00. He explained that this change has been made to reveal the exact amount of revenue being paid by the City. The remaining \$60,000.00 will be paid by Washington Township. The Township's \$60,000.00 will be sent to the City of Centerville and deposited in the General Fund; for this reason \$120,000.00 was originally listed. Mrs. Lienesch stated her opposition to this change due to the fact that \$120,000.00 is the line item in the City's 1999 Budget. She expressed concern with this amount of revenue being appropriated to this Commission in comparison with the amount of revenue appropriated to other Boards and Commissions.

Mr. Horn announced the public information meeting set for January 27, 1999 at 7:00 P.M. in the Washington Township Administration Building to explain the construction of a portion of the proposed Southeast Holes Creek Relief Sewer #1.

Mr. Horn advised that Anita Besco has been appointed Administrator at Benham's Grove to replace Judy Kunas.

Mr. Horn explained the Executive Business Membership program at The Golf Club at Yankee Trace. This is a program instituted in 1998 but was not placed in the golf fee Ordinance for 1999.
