The pros and cons relative to open, semi-open and closed lunches at the Centerville High School were reviewed by Council.

Discussion followed relative to Long Range Planning; services by the City of Centerville in future years (fire, recreation, etc.). This will again be discussed at a future Work Session Meeting.

Mr. Farquhar reviewed for Council the status of various legal matters involving the City of Centerville. He outlined legal responsibilities of Councilmembers pertaining to Ethics, Home Rule and the City Charter.

Mr. Compton advised that he has been approached to reconsider Centerville's endorsement regarding the elimination of electric trolleys by the Miami Valley Regional Transit Authority. A change in endorsement would cause a delay in the removal of equipment at the present time. Council concurred not to take an active role on this at the present time.
