

CENTERVILLE CITY COUNCIL
WORK SESSION MEETING
FEBRUARY 12, 1990

TIME: 7:30 P.M.
PLACE: Centerville Municipal Building, Law Library

PRESENT: Deputy-Mayor Brooks Compton
Councilmembers J. V. Stone
C. Mark Kingseed
Mark Beasley
James Singer
Sally Beals
Clerk of Council Marilyn McLaughlin
City Manager Darryl Kenning
Administrative Assistant Michael Haverland

Mr. Kenning distributed to Council a new calendar published by public entities in Centerville and Washington Township which includes information concerning the City, the Township, Centerville City Schools, the Park District, Seniors, Inc. and the Library. These calendars will be mailed to all residents in our Community.

Mr. Kenning updated Council on recycling in Centerville. Centerville is committed to recycling and will continue with the process. Options to continue the program are through Montgomery County, the City of Dayton, Cable Council, a joint venture between Centerville and Oakwood or Centerville alone. Council concurred that Centerville continue with the recycling program.

Mr. Kenning advised that he has met with Mr. Thomas Stolz concerning the construction of the Amphitheater in the Leonard E. Stubbs Memorial Park. Mr. Stolz prefers to serve as the general contractor for the project.

Upon suggestion of Mr. Singer, Mr. Kenning will respond to correspondence received from Voss Chevrolet, Inc. concerning the purchase of police vehicles through the State bid rather than joining with other entities in the surrounding area.

Mr. Kenning advised that he is in the process of getting an appraisal on the property located at the southwest corner of Main and Franklin Streets. Mayor Heintz has discussed with the International Womens Air and Space Museum their potential use of the corner building. They are most interested in locating in a structure which will house two airplanes. However, this matter will be discussed by their Board during a Meeting scheduled for Wednesday, February 14, 1990.

Mrs. Martha Boice was present at this Meeting to solicit Council's support for Senate Bill 244, the Ohio Historic Preservation Act. This would provide increased protection for Ohio's historic, architectural, and archaeological resources.

Council concurred that a Resolution be prepared in support of this Senate Bill for consideration at the next Council Meeting.

Mrs. Boice distributed to Council information concerning Centerville becoming a Certified Local Government. She outlined advantages to Cities having this designation. Council concurred to move forward with this proposal.

Attention was brought to correspondence received from Washington Township rejecting a joint fire and/or recreation district. Discussion followed relative to long range plans for recreation in the City of Centerville. A master recreation plan will be a future Council Work Session Agenda item. Council concurred that Mr. Kenning continue conversation with the City of Springboro relative to a joint recreation facility.

Marilyn J. McLaughlin
Clerk of Council

Approved:

Mayor
