L.P. Cavett Company,	asphalt 163,997.10

Discussion followed relative the the recommendation of the City Engineer to accept the low and best combined bid of John R. Jurgensen. Mr. Kenning pointed out the fact that the bid of TdM Construction for concrete and the bid of L.P. Cavett for asphalt were the low separate bids received. Mr. Kenning recommended that the total amount for 1990 Street Improvements be increased not to exceed \$350,000.00. Council concurred that the bids submitted by TdM Construction for concrete and L.P. Cavett for asphalt be accepted.

Discussion followed relative to filling the vacancy existing on the Board of Architectural Review. Council concurred that Mr. Jim A. Adams be appointed to fill this vacancy. Mr. Patrick A. Hansford will be interviewed when another vacancy occurs.

Mr. Kenning outlined long range recreation plans for the City of Centerville. He advised that a meeting of Council is needed for Monday, April 23, 1990 in order to consider legislation to provide necessary finances for recreational projects. A special meeting was scheduled for April 23, 1990 to begin at 8:00 P.M.
