Mr. Haverland reviewed a proposed Ordinance to amend the current Personnel Ordinance to provide for an hourly wage change to grade X, seasonal utility worker, from \$4.00 to \$5.00. This change has been recommended by the Service Director in order to be competitive and to retain seasonal employees from year to year. Council concurred with this recommendation.

Mr. Kenning reviewed a proposed Resolution in support of the creation of a Task Force to develop a strategic plan to attract, retain and expand aerospace and advanced technology in southwestern Ohio. This would provide a triangle surrounding Wright-Patterson Air Force Base, a major resource of aerospace and technology for economic development in the State of Ohio. A grant has been approved for the development of such a plan and local governments are being asked to contribute toward a local match. It has been suggested that a figure of five cents per capita be used for local government's contribution. Council concurred that the City of Centerville contribute \$500.00 toward the development of such a plan.

Mr. Kenning reviewed a proposed Ordinance authorizing the City of Centerville to borrow money to pay the cost of the Whipp Road improvement at Wilmington Pike. The \$307,270.00 is that portion which will ultimately be paid by the property owner upon completion of the project.

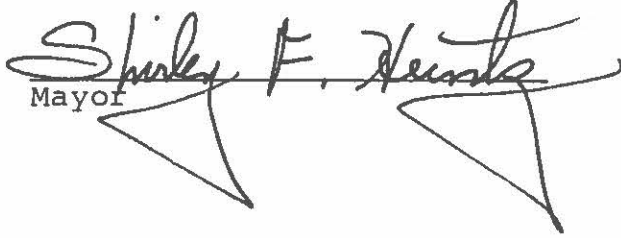

Mr. Kenning reviewed a proposed Resolution providing for the City's cooperation in the replacement of the bridge on State Route 725. Montgomery County will reimburse the City for the local share after the Ohio Department of Transportation opens bids and the local share amount is known. By this action the project can proceed without delay.

Mayor Heintz made reference to a letter received from the Centerville Community Band requesting \$485.33 to pay the cost of a drum and music. Council concurred that the City contribute

\$500.00 for this purpose.

Mr. Singer, on behalf of the Mayor's Task Force on the Architectural Preservation District, advised that the Consultants are developing detailed plans for the center of town. In order to obtain input from the downtown Merchants, an information Meeting has been scheduled by the Merchants for April 5, 1989 in the Washington Township Hall between the hours of 9:00 A.M. and 7:00 P.M.
