Mr. Victor Green was present to outline for Council information regarding future recreational possibilities for the area.

Mr. & Mrs. Robert Taylor, Mr. J. Geoffrey Darr, and Mr. Duard Bowron, from the Raintree Road/Taitwood Drive area of Black Oak Estates presented to Council a list of several complaints regarding inadequate street maintenance and repair, lack of maintenance Ordinance enforcement, lack of noise control enforcement, and being given less than satisfactory responses by the staff during previous contacts.

Council, after considerable discussions, preferred to address their concerns in a general manner at a future Work Session Meeting with the City Manager, entitled "Priorities - Perceptions - Communications - Long Term Planning". This topic should be addressed at a Work Session either in December or early in January.
