

CENTERVILLE CITY COUNCIL
WORK SESSION MEETING
JANUARY 14, 1980

TIME: 7:45 P.M.
PLACE: Centerville Municipal Building, Law Library

PRESENT: Mayor J. V. Stone
Deputy-Mayor Nora Lake
Councilmembers James Singer
Russell Sweetman
Leonard Stubbs
Shirley Heintz
Jeffrey Siler
Clerk of Council Marilyn McLaughlin
City Manager Darryl Kenning
City Engineer Karl Schab
Assistant City Manager Joseph Minner

Mayor Stone excused himself during this item on the agenda. Deputy-Mayor Lake presided. Mr. Bob Klink, The Design Enterprise Ltd., reviewed for Council the engineering drawings for the reconstruction of Clio Road from Centerville Station Road to Alexandersville-Bellbrook Road. This will be a four lane boulevard highway, involving six intersections. Two way traffic will be maintained at all times for local travel during the construction period, except for a short time (approximately one week to ten days) when the multi-plate pipe-arch is being installed, however at this time access will be provided to all residences. The plan includes five cross overs: Centerville Mill, Millerton Drive, Black Oak Drive, Deer Run Road and Ambridge Road. The total cost is estimated at \$1,475,000.00, with approximately \$22,000.00 of this being used for plantings in the boulevard. Mr. Sweetman, in consideration of the improvement at the intersection of Clio Road and Centerville-Station Road in this project, suggested that barrier curbs and curb cuts be installed along the south side of Centerville Station Road west of Clio Road, on an assessment basis. Discussion followed concerning tree plantings in the boulevard. Mr. Siler suggested that no trees be planted and that the City Beautiful Commission coordinate plantings in the boulevard. Council concurred that the project be bid with an alternate including no trees. Mr. Kenning will proceed with the acquisition of necessary right-of-way.

Mrs. Lydia Hausman was interviewed for appointment to the Centerville Arts Commission. Council concurred that necessary legislation be prepared.

The formation of a Community Fiscal Analysis Committee was discussed. Mr. Sweetman suggested that a letter be sent to proposed candidates to obtain their interest in such a project prior to scheduling interviews.

Discussion followed concerning future roadway construction in the Centerville-Washington Township area and an annexation policy during the Joint Task Force Committee study. Council concurred to continue with it's current policy and that there be a one year moritorium on the solicitation of annexations.

Mrs. Lake advised that Centerville's assessment in the 208 Areawide Waste Treatment Management Planning Program is \$635.00. Council concurred with this expenditure.

Mr. Singer requested that the Disaster Plan be tested prior to the tornado season this year.

Approved: _____

Mayor

Marilyn J. McLaughlin
Clerk of Council
