

RESOLUTION NO. 14-96
CITY OF CENTERVILLE, OHIO

SPONSORED BY COUNCILMEMBER C. MARK KINGSEED ON THE
18th DAY OF MARCH, 1996.

A RESOLUTION AUTHORIZING THE CITY MANAGER TO GRANT A TEMPORARY RIGHT OF WAY AND EASEMENT, ON BEHALF OF THE CITY OF CENTERVILLE, TO THE DAYTON POWER & LIGHT COMPANY FOR THE DISTRIBUTION OF ELECTRIC LINES ALONG THE NORTH SIDE OF SPRING VALLEY ROAD AND THROUGH STUBBS PARK.

WHEREAS, it is necessary for the City of Centerville to grant unto The Dayton Power & Light Company a temporary right of way and easement for the distribution of electric lines along the north side of Spring Valley Road and through Stubbs Park, and

WHEREAS, to accomplish this The Dayton Power & Light Company is requesting a 10 foot wide temporary right of way and easement on property situated in the City of Centerville, Montgomery County, State of Ohio, and owned by the City of Centerville, said property being two tracts of land containing 4.003 acres and 57.383 acres, more or less, situated in part of Section 30, Town 3, Range 5 MRS, and being a part of the premises conveyed in a Warranty Deed recorded on Microfiche No. 74-136 B12 and Microfiche No. 91-377 B03 of the Deed Records of Montgomery County, Ohio.

NOW, THEREFORE, THE MUNICIPALITY OF CENTERVILLE HEREBY RESOLVES:

Section 1. That the City Manager is hereby authorized to do all things necessary to execute a grant of a temporary right of way and easement to The Dayton Power & Light Company in order that electric service may be provided in accordance with said option for right of way and easement and addendum attached hereto and made a part hereof, marked Exhibit "A".

Section 2. That this Resolution shall become effective at the earliest date allowed by law.

PASSED this 18th day of MARCH, 1996.

Sally D. Beale
Mayor of the City of Centerville, Ohio

ATTEST:

Maile Jim Saundel
Clerk of Council, City of Centerville, Ohio

CERTIFICATE

The undersigned, Clerk of the Council of the City of Centerville, Ohio, hereby certifies that the foregoing is a true and correct copy of Resolution Number 14-96 passed by the Council of the City of Centerville, Ohio, on the 18th day of MARCH, 1996.

Maile Jim Saundel
Clerk of Council

Approved as to form, consistency
with the Charter and Constitutional Provisions.

THE DAYTON POWER AND LIGHT COPANY**OPTION FOR ELECTRIC RIGHT OF WAY**

That the undersigned (hereinafter called "Grantors"), in consideration of One Dollar (\$1.00) to them paid by The Dayton Power and Light Company, Courthouse Plaza Southwest, Dayton, Ohio, 45402 (hereinafter called "Grantee"), the receipt of which is hereby acknowledged, do contract and agree with said Grantee that on or before May 1, 1996, they will grant to said Grantee a temporary right of way and easement, for the transmission and/or distribution of electric energy for any and all purposes for which electric energy is now or may hereafter be used, together with the right to construct thereon, either underground or overhead, all poles, lines, structures, wires, cables, conduits, manholes, anchors, grounding systems, communication circuits, equipment, and all other appurtenances necessary or incidental to the use of said right of way and easement, and the right to add to, construct, reconstruct, erect, operate, repair, maintain, use, remove or replace such facilities, subject to the conditions hereinafter contained in, over, upon, under and through the following premises, viz:

Situated in City of Centerville, Montgomery County, Ohio.

And being two tracts of land containing 4.003 acres and 57.383 acres, more or less, situated in part of Section 30, Town 3, Range 5 MRS and being a part of the premises conveyed in a Warranty Deed recorded on Microfiche No. 74-136 B12 and Microfiche No. 91-377 B03 of the Deed Records of Montgomery County, Ohio.

Said right of way and easement shall be 10 feet in width and the centerline shall be approximately along the following course:

Said right of way and easement can further be identified as per Exhibit "A" attached hereto and made a part hereof.

1. Grantee, by and through its employees, servants, and agents, shall have the right of ingress and egress over the right of way and the adjoining premises of Grantors to add to, construct, reconstruct, repair, maintain, use or remove its said facilities or parts thereof, and to cut, trim and remove or otherwise control such trees, roots, undergrowth or overhanging branches or other obstructions, both within and without the limits of said right of way and easement, as, in the opinion of Grantee, may now or at any time hereafter interfere with the construction, use maintenance or successful operation of said facilities and/or the transmission and/or distribution of electric energy thereby.

2. Grantee shall reimburse Grantors for any damage or loss to growing crops and other property, including buildings and fences, that may be caused by the negligence of Grantee or its agents, servants or employees, in the construction, repair, use or removal of said facilities.

3. No buildings or other structures shall be erected within the limits of said right of way and easement by Grantors. No excavating or filling shall be done or be permitted by Grantors within said right of way and easement, which in the opinion of Grantee would either (a) reduce or add to the distance between Grantee's said facilities and the land surface, (b) impair the land support of said facilities, (c) impair Grantee's ability to maintain said facilities, or (d) create a hazard.

4. Grantors shall have the right to use the land within the limits of said right of way and easement in any other manner not inconsistent with the rights herein described.

5. Grantors covenant with Grantee, that they are the true and lawful owners of said premises and have full power to convey the rights hereby conveyed and that they do warrant and will defend the same against the claims of all persons whomsoever.

6. All the covenants, agreements, stipulations, provisions, conditions and obligations contained herein, shall be considered as running with the land and shall extend to, bind and inure to the benefit of, as the case may require, the heirs, executors, administrators, successors and assigns of the Grantor and Grantee respectively, as fully as if such words were written whenever reference to the Grantor and Grantee occur in this option.

7. As used herein, words in the plural number include words in the singular number.

IN WITNESS WHEREOF, the Undersigned have hereunto subscribed their names this ___day of_____, 19____.

REGRAVE DITCH

Addendum

The Dayton Power and Light Company (DP&L) and the City of Centerville (City), to further define the rights and obligations of each with regard to this easement, agree as follows:

I. Obligations of DP&L

A. In addition to other conditions set forth in the easement, DP&L shall:

1. Use its best efforts to cooperate with the City and other occupants of the right of way (if any), consistent with safety, and to minimize traffic and other disruptions including street cuts;
2. Participate in such joint planning in advance notification of right of way work as the City might set forth in its regulations, excepting such work performed in emergencies or other exigent circumstances;
3. Cooperate with other users of the right of way in the utilization of, construction in and occupancy of the rights of way but only to the extent it is not inconsistent with the grant thereof or is not additionally burdensome to any property owner;
4. Upon written notice from, and at the direction of the City, and at DP&L's sole cost, DP&L will promptly remove or rearrange facilities upon its poles as necessary, during any construction, repair or modification of any street or within the limits of any road right of way, as defined in O.R.C. 4511.01(UU), inconsistent with then current uses of DP&L.
5. Provide maps or other information in such form and at such times, as the regulations require. Said maps and information shall locate, describe and identify all uses, structures and facilities of DP&L in the rights of way;
6. Perform all work, construction, maintenance or removal of structures and facilities within the right of way in accordance with good engineering and construction practice including any appropriate safety codes and in accordance with the regulations and use best efforts to repair and replace any street, curb or other portion of the right of way, or facilities or structure located therein, to a condition materially equivalent to

its condition prior to such work and to do so in a manner which minimizes any inaccommodation to the public, the City and other users of the right of way, all in accordance with the City's regulations;

7. Register with all appropriate underground reporting services; and
8. Not, unless otherwise set forth in a permit and without City's prior written approval, enter into leases or other agreements for the use of DP&L's facilities located within these rights of way except for such use by other holders of City permits or franchises.

B. DP&L hereby assures the City that any subcontractors or others performing any work or services in the right of way on behalf of DP&L shall comply with all applicable provisions of this easement and addendum and DP&L shall be responsible and liable hereunder for all actions of any such subcontractor.

II. Notice of Right of Way Work, Joint Planning

- A. DP&L shall file a written notice with the City Manager in accordance with the standard work permitting process before working in or on the right of way. In addition to such other information as the City Manager may require, such notice shall contain or indicate, to the extent possible;
1. The right of way affected;
 2. A description of any facilities to be installed, constructed or maintained;
 3. Whether or not any street will be opened or otherwise need to be restricted, blocked or closed;
 4. An estimate of the amount of time needed to complete such work;
 5. A description and timetable of any remedial measures planned to close any street opening or repair any damage done to facilitate such work;
 6. A statement verifying that other affected or potentially affected users of the right of way have been notified; and
 7. A statement that any consumers of any utility, cable television, communications or other service

which will be adversely affected by such work have been or will be notified.

- B. DP&L may, under emergency or other exigent circumstances, work in the right of way so long as it uses its best efforts to provide the City the notice required by this section at the earliest possible time.

III. Use of DP&L Facilities

The City shall have the right to install and maintain, free of charge, upon any poles and within any underground pipes and conduits or other facilities of DP&L any facilities desired by the City unless (i) such installation and maintenance unreasonably and materially interferes with existing and future operations of DP&L, or (ii) such installation and maintenance would be unduly burdensome to DP&L. DP&L shall cooperate with the City in planning and design of its facilities so as to accommodate the City's reasonably disclosed requirements in this regard.

IV. Indemnity

DP&L shall indemnify, protect and hold harmless the City from any claim, loss or damage arising in any way from DP&L's use of the right of way including but not limited to the construction, operation or maintenance of DP&L's facilities or from any negligent or wrongful act or omission committed by DP&L.

V. Removal of Facilities

- A. In the event DP&L intends to discontinue use of any facilities within the right of way, DP&L shall submit a notice to the City Manager describing the portion of the facilities to be discontinued and the date of discontinuance, which date shall not be less than 30 days from the date such notice is submitted. DP&L shall remove and secure such facilities as set forth in the notice unless directed by the City Manager to abandon such facilities in place.
- B. Upon such abandonment and acceptance by the City in writing, full title and ownership of such abandoned facilities shall pass to the City without the need to pay compensation. DP&L shall however continue to be responsible for all taxes on such facilities or other liabilities associated therewith, until the date accepted by the City.

VI. Reservation of Rights

- A. Nothing in this agreement shall be construed to prevent the City from constructing, maintaining, repairing or relocating any City utility, communications or light facilities; grading, paving, maintaining, repairing, relocating or altering any street or right of way; or constructing, maintaining, relocation or repairing any sidewalk or other public work or improvement.
- B. Nothing in this chapter should be construed so as to grant any right or interest in any right of way or public property other than that explicitly set forth herein or in a permit.

VII. Street Vacation

Unless preempted by state or federal law, in the event any street or right of way used by DP&L shall be vacated by the City, the City will grant an easement to DP&L to continue the same. DP&L may choose to remove its facilities, and upon the removal thereof, restore, repair or reconstruct the area where such removal has occurred to a condition materially equivalent to that existing before such removal took place. Should DP&L fail to do so after 30 days written notice by the City, the City may do such work or cause it to be done, and the cost thereof shall be paid by DP&L.

VIII. Temporary Movement of Facilities

In the event it is necessary temporarily to move or remove any of DP&L's wires, cables, poles, or other facilities placed pursuant to this agreement, in order to lawfully move a large object, vehicle, building or other structure over the streets of the City, upon (2) weeks written notice by the City to DP&L, DP&L shall at the expense of the person requesting the temporary removal of such facilities, comply with the City's request.
