PLEASE NOTE: The forty(40) hour usage per week figure is based on actual running time of the loader(Which it would not run in sixty(60) hours of placement time) If this forty(40) hour per week time would somehow be exceeded the City of Centerville

would be invoiced an additional \$45.00 per hour for each hour of use beyond forty(40) hours.

The loader will be delivered along with the placer vehicle whenever requested. Both pieces of equipment will be delivered with a full tank of fuel. The City of Centerville will be responsible to keep both of these vehicles fueled while on site. They will also be responsible to make sure that both pieces of equipment are returned with a full tank of fuel.
