**FY 91, 92 AND 93 COOPERATION AGREEMENT  
PAGE 2**

WHEREAS, both the City and the County are desirous of entering into community development activities within Montgomery County which are directed toward the above specific objectives, and for that reason, desirous of seeking such federal funding as may be available to them pursuant to the Act; and

WHEREAS, the Act contemplates and encourages the joining together by agreement of counties and municipalities with populations of less than 50,000, for the purpose of carrying out the objectives of the Act; and

WHEREAS, municipalities and counties in Ohio have authority under Section 307.15 of the Ohio Revised Code (ORC) to enter into agreements whereby a board of county commissioners undertake, and is authorized by the contracting subdivision, to exercise any power, perform any function, or render any service, in behalf of the City which such City may exercise, perform or render; and

WHEREAS, the City and the County each have the authority to carry out the kinds of activities which are the objectives of the Act pursuant to Section 303.26 of the Ohio Revised Code, et. sec.; and

WHEREAS, the City and the County have agreed that it is in the best interest of carrying out the objectives of the Act within Montgomery County that the City and the County should join together in community development activities, and have previously entered in such an agreement for the previous program year of Community Development.

**IT IS AGREED BETWEEN THE PARTIES that:**

1. The County shall prepare and submit applications to the Secretary of Housing and Urban Development for a Community Development Block Grant under the terms of the Housing and Community Development Act of 1974, as amended, for Fiscal Year 1991, 1992 and 1993 program years. These applications shall contain a community development plan, which identifies community needs, and demonstrates a comprehensive strategy for meeting those needs, and specifies both short and long term community development objectives, which have been developed in accordance with area-wide development planning and national urban growth policies, and otherwise conforms with the specific requirements of the Act. The community development plan described above shall hereinafter be called the "plan".

2. The City has been formally notified that Montgomery County's Community Development Project applications must be in accordance with the objectives of the Act and the identified community needs set forth in the plan. It is understood by the parties hereto that notwithstanding the ability of the City to prepare, submit, and recommend projects - the County is solely responsible for the development of community development applications including selecting activities and projects and annually filing Final Statements with HUD and that the program described in these applications must reflect the needs of the entire urban county. It is also understood between the parties that the County has the authority and responsibility to make decisions concerning the contents of the applications, and that the projects and activities for which approval and urban county formula funding is sought under these applications shall be in conformance with the purposes of the Act and the plan. It is also understood that, prior to making decisions concerning the content of the applications, the County will give careful consideration to the recommendations of the Community Development Advisory Committee and the Countywide Citizens' Advisory Committee concerning the community development programs.

3. The City and the County agree to cooperate to undertake, or assist in undertaking, community renewal and lower income housing assistance activities, specifically urban renewal and publicly assisted housing, provided, however, the City shall not be obligated to expend general municipal government funds for programs or facilities located beyond the geographical boundaries of the City.

4. If projects or activities within the City are approved and funded, pursuant to the applications, the City may elect the implementation of those portions of the plan which are to take place within its boundaries, or it may elect to have the County implement that portion of the plan. The parties acknowledge that, whatever the City elects, the County will have the responsibility and authority for the overall implementation of the programs and for the proper use of the Fiscal Years 1991, 1992, and 1993 urban county entitlement appropriations and any and all program income generated from the expenditure of these funds in accordance with the requirements of the Act.

5. The County has developed and shall maintain a uniform administrative procedure for the development of the applications. These procedures will of necessity reflect the requirements of the Secretary of Housing and Urban Development and the regulations which the Secretary may develop for the distribution and expenditure of urban county formula funds.

6. If projects or activities within the City are approved and funded, pursuant to CFR 570.501(b), the City is subject to the same requirements applicable to subrecipients including the requirement to enter into a written subgrantee agreement set forth in 24 CFR 570.503.

7. The City must inform the County of any income generated by the expenditure of CDBG funds received by the City. Any such program income (except program income generated by revolving loan funds) must be paid to the County unless other specific arrangements have been negotiated and agreed to by the City and the County. Any program income the County may allow the City to retain can only be used, however, for eligible activities in accordance with all CDBG requirements that then apply. The City shall maintain records and other supporting documentation to assure the County that program income is being accurately reported and correctly expended. These records shall be accessible by the County, HUD or their authorized representative for inspection. Any program income that is on hand or received subsequent to close-out of the activity shall be paid to the County.

8. In projects involving the acquisition of real property or improvements to real property undertaken in whole, or in part, with CDBG funds that are being directly administered by the City, the City must notify the County at least thirty (30) calendar days prior to any change or modification in the use of the real property from that planned at the time of acquisition or improvement including disposition. The City must reimburse the County in an amount equal to the current fair market value (less any portion attributable to expenditures of non-CDBG funds) of the property acquired or improved with CDBG funds that is sold or transferred for a use which does not qualify under the CDBG regulations. Program income generated from the disposition or transfer of property prior to or subsequent to program closeout shall be treated according to the provisions of Paragraph 7, above.

9. This agreement shall not be terminated by either party before the end of the program years covered by the County's Fiscal Year 1991, 1992 and 1993 applications except as a result of HUD action.

10. If the parties have agreed upon a community development project or activity which has been included in a plan which has been approved by HUD, neither party may disapprove such activity after the plan in which it was included has been approved by HUD unless reasonable and just cause to terminate or disapprove the project or activity is presented in writing to the Board of County Commissioners at least 45 days prior to the proposed termination or disapproval and the Board of County Commissioners acts with reasonable and just cause to terminate or disapprove the project or activity at least 15 days prior to the proposed termination or disapproval.

11. The City authorizes the County to do on behalf of the City what the City could do for itself in the making of the application for, and the expenditure of, Urban County Community Development Block funds.

12. Notwithstanding any of the above covenants, it is understood between the parties that no community development projects or activities will be implemented within the jurisdiction of any incorporated area unless such projects have been recommended and approved by the governing body of said incorporated area.

13. No funding shall be made for activities in, or in support of, any cooperating unit of general local government that does not affirmatively further fair housing within its own jurisdiction or that impedes the County's actions to comply with its fair housing certification.

14. This agreement obligates the City to take all required actions to comply with the provisions of Title VI of the Civil Rights Act of 1964, Title VIII of the Civil Rights of 1968, Section 109 of Title 1 of the Housing and Community Development Act of 1974, and any other laws of the federal government that would be applicable to the City whether or not it entered into this Cooperation Agreement.
