Centerville, Ohio 45459

Attn: Mr. Richard Bishop, Public Works Director

Dear Mr. Bishop:

Responding to your recent request for bid on an Electronic Calcium Chloride Applicator, which bid is to be opened at 10 a.m. on Friday, October 15, 1976, we are pleased to submit a bid thereon.

In submitting our bid, we do so based on a slight change in the specifications which were originally submitted by you. This change in specifications has to do with the hydraulic pumping system. We have been working with an electric brine pumping system and have found this to be very satisfactory. We are attaching herewith a re-written specification on the construction, which we submit with our bid and these specifications would be substituted for those in your bid request under the title "Construction."

With reference to your paragraph titled "Warranty"--there is a slight change in that the 24-month warranty period is limited to certain components with the balance being a 12-month warranty period.

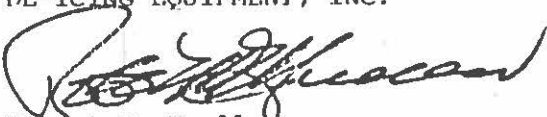

We are pleased to submit our bid based upon the amended "Construction" and "Warranty" paragraphs, bid being in the amount of :

\$7,500.00

F.O.B. Centerville, Ohio.

Yours very truly,

DE-ICING EQUIPMENT, INC.

Robert M. Mueller
Treasurer
