BE IT ORDAINED BY THE COUNCIL OF THE VILLAGE OF CENTERVILLE, STATE OF OHIO:

SECTION 1: That during the period of two (2) years, commencing on the effective date of this ordinance, The Dayton Power and Light Company, its successors and assigns, may charge for residential, commercial, industrial and governmental gas service furnished to the Village and its inhabitants as follows:

COST ADJUSTMENT CLAUSE:

When the average cost per CCF of purchased gas during the monthly period immediately preceding the current billing month decreases below or increases above the amount which such average cost would have been under the rate for purchased gas as of February 11, 1952, there shall be a corresponding decrease or increase in the consumer's bill for each change in such average cost of one-one hundredth (1/100) of a cent per CCF.

DISCOUNT:

A Consumer using more than 25,000 cubic feet monthly will be entitled to discount under the following conditions:

2. For discount purposes a Consumer's base load shall mean such Consumer's average monthly use during the four consecutive monthly meter reading periods, beginning on or after June 15th, which immediately precede the billing month.

3. A new base load will be determined annually and in case of new consumers or consumers who install additional gas burning equipment for regular operation at such time that the complete installation will not have operated during the preceding summer months, a base use value will be established by estimate after notice from the Consumer until the next regular summer base period.

DELAYED PAYMENT CHARGE:

Two per cent (2%) will be added to the amount of the bill if not paid within a period of seven days after rendition of bill for said service.

MINIMUM MONTHLY CHARGE:

During said period The Dayton Power and Light Company, its successors and assigns, may make and each Consumer shall pay a minimum monthly charge of One Dollar (\$1.00) per meter per month regardless of whether said Consumer has consumed five hundred (500) cubic feet, or less, or any, gas during the month.

The term "natural gas" shall also include an admixture of natural gas, as defined above, and other available hydro-carbon gases, such as liquified petroleum gas-air mixture. The calorific value of the natural gas supplied hereunder shall be not less than that supplied to the Company by its supplier.

SECTION 3: That this ordinance shall be accepted by said The Dayton Power and Light Company within thirty (30) days after the effective date hereof, and upon such acceptance being filed with the Village Clerk, said ordinance shall be and constitute a contract between said Village of Centerville, Ohio, and said The Dayton Power and Light Company, its successors and assigns.
