

Minutes of the Special Meeting
of the
Centerville Planning Commission and the
Washington Township Zoning Commission
Monday, January 15, 1979

Attendance: Mr. Elmer C. Tate, Jr., Mr. Francis G. Cash, Mr. Bernard Samples, Mr. Dallas F. Horvath. Also present: Mr. Alan C. Schwab, Planner.

A workshop session was held between the Centerville Planning Commission and the Washington Township Zoning Commission to consider the offer of the Miami Valley Regional Planning Commission to supply staff assistance to both boards for the completion of the Joint Zoning Study.

The Washington Township Zoning Commission members present noted two key members of their commission were absent and the members present had not had sufficient time to review the proposal, hence, they decided not to call their meeting to order. The Centerville Planning Commission then saw no purpose in calling their meeting to order.

A workshop session of the Centerville Planning Commission was then held.

Elmer Tate
