Committee Reports		
Art Gallery	Two artists, husband and wife, are displaying now. The reception will be July 17, 2010 in the Police Department Gallery.	
Classical Series	A budget proposal for the year has been created with details for the titles of the projects.	Members are encouraged to draft their budget needs for 2011 with dollars for marketing defined. Members of the Marketing Committee will review proposals to help with cost estimates.
Summer Concert Series	The concert series is going well. Additional volunteers are needed for the next few shows. There has been a concern expressed by attendees for the petitioners at the entrance. The volume level was a concern for one of the groups. Wishing Well continuation at the concerts was discussed. Abby was recognized for her work at the concerts. The instructions for the surveys can be limited to answering how they liked the performance instead of the entire survey. These have been useful to collect email addresses for announcing activities of the Arts Commission. The concession stand has not been opening at 6:00 as expected. The need for a contingency plan for addressing situations when a band cancels at the last minute was discussed. This has not been a problem to date and the band is confirmed prior	There was a request to add historic information regarding attendance to the report. Volume level limit will be explored for insertion into the contract with artists for next year. Options for what to do with the collections will be explored by the commission. The well will continue for one month and be re-evaluated at that point. Kristen will address the issue with the Concession stand opening time. The planning committee for the series will discuss this for next year.
