Mr. Dean Brandt, Chairman for the Citizens For Cooperative And Responsive Government Committee, chaired the Meeting.

The Meeting was opened with a tour of the facility.

Mr. Brandt advised that it is the intent of the Committee to contact Universities to obtain information concerning taxation and zoning.

Mr. Bill Johnson, Road Supervisor for Washington Township, reviewed the cooperation which has existed between the Township and City Street Departments during the snow emergency days. Difficulties in snow removal were outlined. Joint inside storage of salt was also reviewed. Further studies will be made concerning this matter.

Mr. Buchanan outlined the status of the extension of Normandy Lane south. There is no evidence that this will happen in the near future.

Mr. Buchanan advised that the Township is looking for land in a central location to provide a centralized complete facility for Township services. The possibility of a joint facility between the City and the Township was discussed.

Mr. Brandt advised that the next Meeting will be held March 1, 1978 at the Fire Station Number One, if available.
