Re: Joint Township-City Meeting, Wednesday May 3, 7:30 P.M.
Community Room, Centerville Municipal Building

The Citizens for Co-operative and Responsive Government Committee sponsors monthly meetings between the Washington Township Trustees and the Centerville Council members to provide an opportunity to discuss subjects of mutual interest, and to improve communication and foster a spirit of co-operation in the best interest of our entire community.

The next meeting in this series will be Wednesday, May 3 at 7:30 P.M. in the Community Room of the City Building. The topic of discussion will be Parks and Recreation, and the Parks and Recreation Study Committee of the CCRG, Miriam Beck and Christine Snyder, will present a report of their findings and recommendations.

It is hoped that the Park District Commissioners and staff, the City Parks and Recreation staff and Board, and any interested citizens will participate in the discussion, as well as the elected officials.

The April Joint Meeting was cancelled due to commitments of Council during the income tax campaign, and the agenda planned for that meeting will tentatively be used in June and July. Communication has been made between the Township Zoning Board and the Centerville Planning Commission on the initiation of the Joint Zoning Study directed by the Township Trustees in their motion of February 28, 1978. The CCRG committee wishes to allow time for accomplishment in this study before it becomes an agenda item for a joint meeting. Discussions are proceeding as well on certain aspects of the three-mile jurisdiction.

The CCRG Committee will meet Wednesday, May 10 at 8:00 P.M. at the home of Dean Brandt, 196 Joy Elizabeth Drive. All interested persons and the press are invited. Committee members are urged to bring progress reports of their respective studies.
